As September 22, 2022

This Information Circular is being furnished in connection with the solicitation of proxies by the management of Etruscus Resources Corp. (the “**Company**”) for use at the annual and special meeting (the “**Meeting**”) of the holders of its common shares (the “**Common Shares**”) to be held on **TUESDAY, NOVEMBER 1, 2022 at 10:00 am** Pacific Standard Time and at **Suite #604 – 850 W. Hastings St., Vancouver, British Columbia, V6C 1E1**, for the purposes set forth in the accompanying Notice of Meeting.

Cautionary Note Regarding Forward Looking Statements

This Information Circular includes “forward-looking statements” within the meaning of Canadian securities laws. All statements, other than statements of historical facts, included in this Information Circular that address activities, events or developments that the Company expects or anticipates will or may occur in the future are forward-looking statements. When used in this Information Circular, the words “estimate”, “plan”, “anticipate”, “expect”, “intend”, “believe” and similar expressions are intended to identify forward-looking statements.

Forward-looking statements involve known and unknown risks, uncertainties and other factors which may cause the actual results, performance or achievements of the Company to be materially different from any future results, performance or achievements expressed or implied by such forward-looking statements. Although the Company has attempted to identify important factors that could cause actual results to differ materially, there may be other factors that cause results not to be as anticipated, estimated or intended. There can be no assurance that such statements will prove to be accurate as actual results and future events could differ materially from those anticipated in such statements. Accordingly, you should not place undue reliance on forward-looking statements.

The forward-looking statements contained in this Information Circular are expressly qualified in their entirety by this cautionary statement. Such forward-looking statements are made as of the date of this Information Circular and, except as required under applicable securities laws, the Company does not undertake any obligation to publicly update such forward-looking statements to reflect new information, subsequent events or otherwise.

General

In this Information Circular, references to “**Beneficial Shareholders**” means shareholders who do not hold Common Shares in their own name; and “**Intermediaries**” refers to brokers, investment firms, clearing houses and similar entities that hold securities on behalf of Beneficial Shareholders. Unless otherwise indicated herein, all references to currency are to Canadian dollars.

No person has been authorized to give any information or to make any representation in connection with any matter described in this Information Circular other than those contained herein and, if given or made, any such information or representation should be considered not to have been authorized by the Company. This Information Circular does not constitute the solicitation of an offer to purchase any securities or the solicitation of a proxy by any person in any jurisdiction in which such solicitation is not authorized or in which the person making such solicitation is not qualified to do so or to any person to whom it is unlawful to make such solicitation. The information contained in this Information Circular should not be construed as legal, tax or financial advice.

PROXY INFORMATION

GENERAL PROXY INFORMATION

The solicitation of proxies will be primarily by mail, but proxies may be solicited personally or by telephone by directors, officers and regular employees of the Company. In accordance with National Instrument 54-101 of the Canadian Securities Administrators, arrangements have been made with brokerage houses and other intermediaries, clearing agencies, custodians, nominees and fiduciaries to forward solicitation materials to the beneficial owners of the voting common shares in the capital of the Company (the “**Shares**”) held on a record by such persons and the Company may reimburse such persons for reasonable fees and disbursements incurred by them in so doing. All costs of this solicitation will be borne by the Company.

Appointment of Proxyholders

The individuals named in the accompanying form of proxy are directors, officers or other representatives of the Company. A shareholder entitled to vote at the Meeting has the right to appoint a person or company, who need not be a shareholder, to attend and act for the shareholder on the shareholder's behalf at the Meeting other than either the persons or company designated in the accompanying form of proxy, and may do so either by inserting the name of that other person in the blank space provided in the accompanying form of proxy or by completing and delivering another suitable form of proxy. Submitting a proxy by mail, by hand or by fax are the only methods by which a shareholder may appoint a person as proxy other than a director or officer of the Company named on the form of proxy.

Voting by Proxyholder

On a poll the nominees named in the accompanying form of proxy will vote or withhold from voting the Shares represented thereby in accordance with the instructions of the shareholder on any ballot that may be called for. If the shareholder has specified a choice with respect to any matter to be acted upon, the Shares will be voted accordingly. The proxy will confer discretionary authority on the nominees named therein with respect to:

- (a) each matter or group of matters identified therein for which a choice is not specified, other than the appointment of an auditor and the election of directors;

- (b) any amendment to or variation of any matter identified therein; and
- (c) any other matter that properly comes before the Meeting.

In respect of a matter for which a choice is not specified in the proxy, the nominees named in the accompanying form of proxy will vote the Shares represented by the proxy at their own discretion for the approval of such matter.

Registered Shareholders

Shareholders may wish to vote by proxy whether or not they are able to attend the Meeting **via audio conference call at 1-888-394-8218**. Registered shareholders electing to submit a proxy may do so by choosing one of the following methods:

- (a) complete, date and sign the enclosed form of proxy and return it to the Company's transfer agent, Computershare Investor Services Inc., by fax within North America at 1-866-249-7775, outside North America at (416) 263-9524, or by mail or by hand to the 8th Floor, 100 University Avenue, Toronto, Ontario, M5J 2Y1; or
- (b) use a touch-tone phone to transmit voting choices to a toll-free number. Registered shareholders must follow the instructions of the voice response system and refer to the enclosed proxy form for the toll free number, the holder's account number and the proxy access number; or
- (c) log onto Computershare's website at www.investorvote.com. Registered Shareholders must follow the instructions that appear on the screen and refer to the enclosed proxy form for the holder's account number and the proxy access number.

Registered Shareholders must ensure the proxy is received by COMPUTERSHARE INVESTOR SERVICES INC., 100 UNIVERSITY AVENUE, 8TH FLOOR, TORONTO, ON M5J 2Y1 at least 48 hours (excluding Saturdays, Sundays and statutory holidays) before the Meeting or the adjournment thereof, unless otherwise provided in the instructions accompanying the proxy. Shareholders may wish to vote by proxy whether or not they are able to attend the Meeting in person.

Advice to Beneficial Holders of Shares

The information set forth in this section is of significant importance to many shareholders of the Company, as a substantial number of shareholders do not hold Shares in their own name. Shareholders who do not hold their Shares in their own name (referred to in this Information Circular as "Beneficial Shareholders") should note that only proxies deposited by shareholders whose names appear on the records of the Company as the registered holders of Shares can be recognized and acted upon at the Meeting. If Shares are listed in an account statement provided to a Shareholder by a broker, then in almost all cases those Shares will not be registered in the Shareholder's name on the records of the Company. Such Shares will more likely be registered under the names of the Shareholder's broker or an agent of that broker. In the United States, the vast majority of such Shares are registered under the name of Cede & Co. as nominee for The Depository Trust Company (which acts as depository for many U.S. brokerage firms and custodian banks), and in Canada, under the name of CDS & Co. (the registration name for The Canadian Depository for Securities Limited, which acts as nominee for many Canadian brokerage firms). Beneficial Shareholders should ensure that they follow the instructions of their broker to ensure their instructions respecting the voting of their Shares are communicated to the appropriate person.

Applicable regulatory policy requires intermediaries/brokers to seek voting instructions from Beneficial Shareholders in advance of shareholders' meetings. Every intermediary/broker has its

own mailing procedures and provides its own return instructions to clients, which should be carefully followed by Beneficial Shareholders in order to ensure that their Shares are voted at the Meeting. The form of proxy supplied to a Beneficial Shareholder by its broker (or the agent of the broker) is similar to the form of proxy provided to registered shareholders by the Company. However, its purpose is limited to instructing the registered shareholder (the broker or agent of the broker) how to vote on behalf of the Beneficial Shareholder. The majority of brokers now delegate responsibility for obtaining instructions from clients to Broadridge Investor Communication Services ("Broadridge") in the United States and in Canada. Broadridge mails a voting instruction form in lieu of the form of proxy provided by the Company. The voting instruction form will name the same persons as the proxy to represent the Beneficial Shareholder at the Meeting. A Beneficial Shareholder has the right to appoint a person (who need not be a Beneficial Shareholder of the Company) other than the persons designated in the voting instruction form, to represent the Beneficial Shareholder at the Meeting. To exercise this right, the Beneficial Shareholder should insert the name of the desired representative in the blank space provided in the voting instruction form. The completed voting instruction form must then be returned to Broadridge by mail or facsimile or given to Broadridge by phone or over the internet, in accordance with Broadridge's instructions. Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of Shares to be represented at the Meeting. A Beneficial Shareholder receiving a voting instruction form from Broadridge cannot use it to vote Shares directly at the Meeting - the voting instruction form must be returned to Broadridge, as the case may be, well in advance of the Meeting in order to have the Shares voted. Although a Beneficial Shareholder may not be recognized directly at the Meeting for the purposes of voting Shares registered in the name of his broker (or agent of the broker), a Beneficial Shareholder may attend at the Meeting as proxyholder for the registered Shareholder and vote the Shares in that capacity. Beneficial Shareholders who wish to attend at the Meeting and indirectly vote their Shares as proxyholder for the registered shareholder should enter their own names in the blank space on the instrument of proxy provided to them and return the same to their broker (or the broker's agent) in accordance with the instructions provided by such broker (or agent), well in advance of the Meeting.

Alternatively, Beneficial Shareholders may request in writing that their broker send to them a legal proxy which would enable them to attend at the Meeting and vote their Shares.

Revocation of Proxies

In addition to revocation in any other manner permitted by law, a registered shareholder who has given a proxy may revoke it by either executing a proxy bearing a later date or by executing a valid notice of revocation, either of the foregoing to be executed by the registered shareholder or the registered shareholder's authorized attorney in writing, or, if the shareholder is a corporation, under its corporate seal by an officer or attorney duly authorized, and by delivering the proxy bearing a later date to the Company, at any time up to and including the last business day that precedes the day of the Meeting or, if the Meeting is adjourned, the last business day that precedes any reconvening thereof, or to the Chairman of the Meeting on the day of the Meeting or any reconvening thereof, or in any other manner provided by law. In addition, a proxy may be revoked by the registered shareholder personally by attending the Meeting and voting the registered shareholder's Shares. A revocation of a proxy will not affect a matter on which a vote is taken before the revocation.

INTEREST OF CERTAIN PERSONS OR COMPANIES IN MATTERS TO BE ACTED UPON

No director or executive officer of the Company, or any person who has held such a position since the beginning of the last completed financial year end of the Company, nor any nominee for election as a director of the Company, nor any associate or affiliate of the foregoing persons, has

any substantial or material interest, direct or indirect, by way of beneficial ownership of securities or otherwise, in any matter to be acted on at the Meeting other than the election of directors, the appointment of the auditor and as may be set out herein.

VOTING SECURITIES AND PRINCIPAL HOLDERS THEREOF

The Board of Directors of the Company (the “**Board**”) has fixed September 22, 2022 as the record date (the “**Record Date**”) for determining persons entitled to receive notice of the Meeting. Only shareholders of record at the close of business on the Record Date who either attend the Meeting personally or complete, sign and deliver a Proxy in the manner and subject to the provisions described above will be entitled to vote or to have their Common Shares voted at the Meeting.

As of **September 22, 2022**, there were **38,011,622 Common Shares** issued and outstanding, each carrying the right to one vote. No group of shareholders has the right to elect a specified number of directors, nor are there cumulative or similar voting rights attached to the Common Shares. As of September 22, 2022, the Company had no other class of securities.

To the knowledge of the directors and executive officers of the Company, other than as described herein, no person or company beneficially owns, directly or indirectly, or controls or directs shares carrying 10% or more of the voting rights attached to all outstanding shares of the Company.

FINANCIAL STATEMENTS

The comparative audited financial statements of the Company for the year ended March 31, 2022 and the report of the auditor thereof will be placed before the Meeting. The audited financial statements, the report of the auditor, together with the management's discussion and analysis can be found on www.sedar.com.

VOTES NECESSARY TO PASS RESOLUTIONS

A simple majority of affirmative votes cast at the Meeting is required to approve the resolutions described herein. A special resolution is a resolution passed by a majority of not less than **two-thirds (2/3rds)** of the votes cast by the shareholders who, being entitled to do so, voted in person or by proxy at the Meeting. If there are more nominees for election as directors or appointment of the Company's auditor than there are vacancies to fill, those nominees receiving the greatest number of votes will be elected or appointed, as the case may be, until all such vacancies have been filled. If the number of nominees for election or appointment is equal to the number of vacancies to be filled, all such nominees will be declared elected or appointed by acclamation.

ELECTION OF DIRECTORS

The number of directors on the Board is currently set at **four (4)**, and the Board proposes that the number of directors remain at **four (4)**. Shareholders will therefore be asked to approve, by ordinary resolution, that the number of directors elected be fixed at **four (4)**.

Management of the Company recommends that you vote **FOR** fixing the number of directors at **four (4)**. Unless instructed otherwise, the individuals named as proxy holders in the enclosed form of proxy intend to vote any Shares represented thereby as recommended.

The term of office of each of the current directors will expire at the conclusion of the Meeting. Unless the director's office is earlier vacated in accordance with the provisions of the *Business Corporations Act* (British Columbia) (the “**Act**”), each director elected will hold office until the conclusion of the next annual meeting of the Company, or if no director is then elected, until a successor is elected.

The following table sets out the names of management's nominees for election as directors, all positions with the Company and any of its subsidiaries each now holds, each nominee's principal

The information as to principal occupation, business or employment and Common Shares beneficially owned or controlled by each director nominee is not within the knowledge of the

management of the Company and has been furnished by each respective nominee. Each nominee has held the same or a similar principal occupation with the organization indicated or a predecessor thereof for the last five years.

Further Information

Fiore Aliperti and Michael Sikich were directors of Metallis Resources Inc. when Metallis became subject to a CTO issued by the British Columbia Securities Commission on May 9, 2012 for failure to file interim and annual financial statements in a timely manner. A CTO was issued by the Ontario Securities Commission on May 30, 2012 and subsequently by the Alberta Securities Commission on August 10, 2012. The Company filed its late annual and interim period filings and addressed all issues raised by the respective securities commissions and the TSX-V. As such, the CTO's were revoked on June 14, 2013, and the Company's shares were re-listed for trading on the TSX-V at that time.

Other than as set out above, no proposed director (including any personal holding company of a proposed director), is:

- (1) as at the date of the Information Circular, or has been, within 10 years before the date of this Information Circular, a director, chief executive officer or chief financial officer of any company (including the Company) that:
 - (a) was the subject of a cease trade order (including a management cease trade order which applies to directors or executive officers), an order similar to a cease trade order or an order that denied the relevant company access to any exemption under securities legislation that was in effect for a period of more than 30 consecutive days, that was issued while such person was acting in the capacity as director, chief executive officer or chief financial officer; or
 - (b) was subject to an order that was issued after such person ceased to be a director, chief executive officer or chief financial officer and which resulted from an event that occurred while that person was acting in the capacity as a director, chief executive officer or chief financial officer;
- (2) is, as at the date of this Information Circular, or has been within 10 years before the date of the Information Circular, a director or executive officer of any company (including the Company) that, while that person was acting in that capacity, or within a year of that person ceasing to act in that capacity became bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency or was subject to or instituted any proceedings, arrangement or compromise with creditors or had a receiver, receiver manager or trustee appointed to hold its assets;
- (3) has, within the 10 years before the date of this Information Circular, become bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency, or become subject to or instituted any proceedings, arrangement or compromise with creditors, or had a receiver, receiver manager or trustee appointed to hold the assets of the proposed director; or
- (4) has been subject to:
 - (a) any penalties or sanctions imposed by a court relation to securities legislation or by a securities regular authority or has entered into a settlement agreement with a securities regulatory authority since December 31, 2000 the disclosure of which

would likely be important to a reasonable security holder in deciding whether to vote for a proposed director; or

- (b) any other penalties or sanctions imposed by a court or regulatory body that would likely be considered important to a reasonable securityholder in deciding whether to vote for a proposed director. No proposed director is to be elected under any arrangement or understanding between the proposed director and any other person or company, except the directors and executive officers of the Company acting solely in such capacity.

APPOINTMENT OF AUDITOR

Manning Elliot LLP, Accountants and Business Advisors (“Manning Elliott”) will be nominated at the Meeting for reappointment as the Company’s auditor, until the next Annual Meeting of the Company, with remuneration to be fixed by the Board.

CORPORATE GOVERNANCE

General

Corporate governance refers to the policies and structure of the board of directors of a company whose members are elected by and are accountable to the shareholders of the company. Corporate governance encourages establishing a reasonable degree of independence of the board of directors from executive management and the adoption of policies to ensure the Board of Directors recognizes the principles of good management. The Board is committed to sound corporate governance practices, as such practices are both in the interests of shareholders and help to contribute to effective and efficient decision-making.

National Policy 58-201 *Corporate Governance Guidelines* establishes corporate governance guidelines which apply to all public companies. The Company has reviewed its own corporate governance practices in light of these guidelines. In certain cases, the Company's practices comply with the guidelines, however, the Board considers that some of the guidelines are not suitable for the Company at its current stage of development and therefore these guidelines have not been adopted. The Company will continue to review and implement corporate governance guidelines as the business of the Company progresses and becomes more active in operations. National Instrument 58-101 *Disclosure of Corporate Governance Practices* mandates disclosure of corporate governance practices in Form 58-101F2, which disclosure is set out below.

Board of Directors

The mandate of the Board is to supervise the management of the Company and to act in the best interests of the Company. The Board acts in accordance with:

- (a) the *Business Corporations Act* (British Columbia);
- (b) the Company's articles of incorporation;
- (c) the charters of the Board and the Board committees; and
- (d) other applicable laws and Company policies.

The Board approves all significant decisions that affect the Company before they are implemented. The Board supervises their implementation and reviews the results.

Of the Company's proposed slate of four (4) directors, two (2) would be considered independent. A director is independent if he has no material relationship with the Company. A "material relationship" is a relationship which could, in view of the Board, be reasonably expected to interfere with the exercise of a director's independent judgement. Certain types of relationships are by their nature considered to be material relationships.

The independent Board members are Michael Sikich, Gordon Lam and Jason Leikam. The non-independent Board member is Chief Executive Officer Fiore Aliperti. While Mr. Lam and Mr. Leikam each acted as CEO of the Company during the fiscal year ended March 31, 2022, they are independent as at the date of this Information Circular.

The Board is responsible for determining whether or not each director is an independent director. The officers are not considered independent. None of the other director's work in the day-to-day operations of the Company, are party to any material contracts with the Company, or receive any fees from the Company except as disclosed in this Information Circular.

The Board is actively involved in the Company's strategic planning process. The Board discusses and reviews all materials relating to the strategic plan with management. The Board is responsible for reviewing and approving the strategic plan. At least one Board meeting each year is devoted to discussing and considering the strategic plan, which takes into account the risks and opportunities of the business. Management must seek the Board's approval for any transaction that would have a significant impact on the strategic plan.

The Board periodically reviews the Company's business and implementation of appropriate systems to manage any associated risks, communications with investors and the financial community and the integrity of the Company's internal control and management information systems. The Board also monitors the Company's compliance with its timely disclosure obligations and reviews material disclosure documents prior to distribution. The Board periodically discusses the systems of internal control with the Company's auditor.

The Board is responsible for choosing the President and CEO and appointing senior management and for monitoring their performance and developing descriptions of the positions for the Board, including the limits on management's responsibilities and the corporate objectives to be met by the management.

The Board approves all the Company's major communications, including annual and quarterly reports, financing documents and press releases. The Company communicates with its stakeholders through a number of channels including its website. The Board approved the Company's communication policy that covers the accurate and timely communication of all important information. It is reviewed annually. This policy includes procedures for communicating with analysts by conference calls.

The Board, through its audit committee ("Audit Committee"), examines the effectiveness of the Company's internal control processes and management information systems. The Board consults with the auditor and management of the Company to ensure the integrity of these systems. The auditor submits a report to the Audit Committee each year on the quality of the Company's internal control processes and management information systems.

Directorships

Fiore Aliperti and Michael Sikich are also directors of Metallis Resources Inc.

Fiore Aliperti is a director of Stuhini Exploration Ltd.

Orientation and Continuing Education

When new directors are appointed to the Board, they receive an orientation, commensurate with their previous experience, on the Company's business, technology and industry and on the responsibilities of directors.

Meetings of the Board may also include presentations by the Company's management to give the directors additional insight into the Company's business.

Ethical Business Conduct

The Board has found that the fiduciary duties placed on individual directors by the Company's governing corporate legislation and the common law, and the restrictions placed by applicable corporate legislation on an individual directors' participation in decisions of the Board in which the director has an interest have been sufficient to ensure that the Board operates independently of management and in the best interests of the Company.

Under the corporate legislation, a director is required to act honestly and in good faith with a view to the best interests of the Company and exercise the care, diligence and skill that a reasonably prudent person would exercise in comparable circumstances, and disclose to the board the nature and extent of any interest of the director in any material contract or material transaction, whether made or proposed, if the director is a party to the contract or transaction, is a director or officer (or an individual acting in a similar capacity) of a party to the contract or transaction or has a material interest in a party to the contract or transaction. The director must then abstain from voting on the contract or transaction unless the contract or transaction (i) relates primarily to their remuneration as a director, officer, employee or agent of the Company or an affiliate of the Company, (ii) is for indemnity or insurance for the benefit of the director in connection with the Company, or (iii) is with an affiliate of the Company. If the director abstains from voting after disclosure of their interest, the directors approve the contract or transaction and the contract or transaction was reasonable and fair to the Company at the time it was entered into, the contract or transaction is not invalid, and the director is not accountable to the Company for any profit realized from the contract or transaction. Otherwise, the director must have acted honestly and in good faith, the contract or transaction must have been reasonable and fair to the Company and the contract or transaction be approved by the shareholders by a special resolution after receiving full disclosure of its terms in order for the director to avoid such liability or the contract or transaction being invalid.

Nomination of Directors

The Board considers its size each year when it considers the number of directors to recommend to the shareholders for election at the annual meeting of shareholders, taking into account the number required to carry out the Board's duties effectively and to maintain a diversity of views and experience.

The Board does not have a nominating committee, and these functions are currently performed by the Board as a whole. However, if there is a change in the number of directors required by the Company, this policy will be reviewed.

Compensation

The Company had no arrangements, standard or otherwise, pursuant to which directors were compensated by the Company for their services in their capacity as directors, or for board participation, involvement in special assignments or for services as a consultant or expert during the financial year ended March 31, 2022 or subsequently, up to and including the date of this Circular with the exception of stock-based compensation as detailed in this Circular.

In the Board's view, there is, and had been, no need for the Company to design or implement a formal compensation program for directors. While the Board considers option grants to directors under the Stock Option Plan from time to time, the Board does not employ a prescribed methodology when determining the grant or allocation of stock options. Other than Stock Option Plan, as discussed above, the Company does not offer any long-term incentive plans, share compensation plans or any other such benefit programs for directors.

The Board believes that a compensation package for its executive officers including consulting fees and equity-based incentives is appropriate in achieving its objectives. The Company does not have any predetermined performance goals for its executive officers, but expects each executive officer to serve the Company and its shareholders to the best of his abilities.

Each of the executive officers who serve the Company in both full time or part time capacities are compensated primarily by a consulting fee that is negotiated between the Board and the executive officer. The rationale of providing a consulting fee is to reward the executive officer's time spent on the Company and its development, and provide a reasonable incentive for the executive officer to focus his attention on the Company.

The Company provides a Stock Option Plan to motivate its executive officers by providing them with the opportunity, through stock options, to acquire an interest in the Company and benefit from the Company's growth. The Board does not employ a prescribed methodology when determining the grant or allocation of stock options to its executive officers. Other than the Stock Option Plan, the Company does not offer any long term incentive plans, share compensation plans, retirement plans, pension plans, or any other such benefit programs for its executive officers.

Stock options are granted to executive officers when the Board wishes to align such officers' interests with those of the shareholders. The number of stock options granted to each executive officer is determined solely by the Board and is based on such factors as the executive officer's performance, his consulting fee, if any, and the Company's share price at the time such options are granted.

Assessments

The Board monitors the adequacy of information given to directors, communication between the Board and management and the strategic direction and processes of the Board and the audit committee

PARTICULARS OF MATTERS TO BE ACTED UPON

1. STOCK OPTION PLAN

Canadian Securities Exchange (the "Exchange") policies require that each company listed on the Exchange have a stock option plan if the company issues common shares pursuant to the

exercise of stock options. Shareholders approved the adoption of the Company's current 10% rolling option plan (the "Existing Plan") at a previous annual general meeting.

The following is a summary of the material terms of the Stock Option Plan:

- (a) directors, officers, employees and consultants of the Company, or to person engaged in investor relations activities on behalf of the Company or any of its subsidiaries are eligible to receive grants of options under the Stock Option Plan;
- (b) a number of common shares equal to ten (10%) percent of the issued and outstanding common shares in the capital stock of the Company from time to time are reserved for the issuance of stock options;
- (c) the exercise price of any options granted is determined by the Board in its sole discretion as of the date the Board grants the options, and shall not be less than the last closing price of the Company's common shares traded through the facilities of the Exchange prior to the grant of the options, less any discount permitted by the Exchange, or such other price as may be required by the Exchange;
- (d) options granted under the Stock Option Plan are non-assignable and non-transferable and are issuable for a period of up to ten (10) years;
- (e) an optionee's options expire Ninety (90) days (or such other time, not to exceed one year, as shall be determined by the Board) after the date the optionee ceases to be eligible to receive options; and
- (f) notwithstanding the foregoing, if an optionee dies, any vested options held by him or her at the date of death will become exercisable by the optionee's lawful personal representatives, heirs or executors until the earlier of one year after the date of death of such optionee and the date of expiration of the term otherwise applicable to such option.

Under the Stock Option Plan, the number of common shares which may be reserved for issue: (i) to any one optionee who is an insider and any associates of such insider, shall not exceed 5% of the outstanding issue; and (ii) to all persons who undertake investor relations activities, shall not exceed 2% of the outstanding issue. "Outstanding issue" is determined on the basis of the number of common shares that are outstanding immediately prior to the common share issuance in question.

The following are the amendments proposed for approval by the shareholders:

Under section 1.4(a) "**Shares Reserved**", it is proposed that the maximum number of common shares of 10% of the issued number of shares that may be reserved for any stock options shall also be the maximum number common shares that may be reserved for the grant or issuance of any security based compensation. Accordingly, the revised provision is amended to read as follows:

"Under the Plan, the maximum number of Common Shares which may be reserved for issuance shall be ten percent (10%) of the issued and outstanding Common Shares at any time of any as at the date of grant or issuance of any security based compensation."

Under section 1.4 (b) "**Shares Reserved**", it is proposed that in case of any changes in the outstanding Common Shares of the Company due to any stock dividend or any reorganizational changes such as recapitalization, amalgamation, subdivision, consolidation, combination or

exchange of shares, the Board shall make any appropriate substitution or adjustment in the number and kind of shares issuable under the Plan or subject to unexercised Options. Accordingly, the revised provision is amended to read as follows:

“If there is a change in the outstanding Common Shares by reason of any stock dividend or any recapitalization, amalgamation, subdivision, consolidation, combination or exchange of shares, or other corporate change, the Board shall make, subject to the prior approval of the CSE in regard of any of the foregoing changes other than a subdivision or consolidation, appropriate substitution or adjustment in:

- (i) the number or kind of shares or other securities reserved for issuance pursuant to the Plan, and
- (ii) the number and kind of shares subject to unexercised Options theretofore granted and in the options price of such shares;

A new section 1.4(c) has been added where it is proposed that if in case of settlement in cash, cancellation, termination, surrender, forfeiture or expiration in the Security based compensation takes place without being exercised, securities can be returned to the Plan for re-grant. Accordingly, the revised provision is amended to read as follows:

“Security based compensation that has been settled in cash, cancelled, terminated, surrendered, forfeited or expired without being exercised can be returned to the Plan for re-grant.”

Under section 1.5 “**Limits with Respect to Insiders**”, it is proposed that after deducting the aggregate number of common shares reserved for Insiders under any other share compensation arrangement of the Company, the maximum aggregate number of Common Shares which may be reserved for issuance to Insiders at any time under the Plan shall not exceed ten percent (10%) of the issued and outstanding Common Shares. Accordingly, the revised provision is amended to read as follows:

“The maximum number of Common Shares which may be reserved for issuance to Insiders under the Plan shall be ten percent (10%) of the Common Shares issued and outstanding at any time (on a non-diluted basis) less the aggregate number of Common Shares reserved for issuance to Insiders under any other share compensation arrangement.”

Under section 1.6 (b) “Amendment and Termination”, it is proposed that the board of directors may amend or modify any outstanding Options in any manner to the extent that the board would have had the authority to initially grant such award. Section 5.6 of the CSE Policy 6 of the CSE prohibits such an amendment. Accordingly, section 1.6 (b) has been deleted and the revised section reads as follows:

“The Board may amend, suspend or terminate the Plan or any portion thereof at any time in accordance with applicable legislation, and subject to shareholder and regulatory approval. No such amendment, suspension or termination shall alter or impair any Options or any rights pursuant thereto granted previously to any Participant without the consent of any such Participant. If the Plan is terminated, the provisions of the Plan and any administrative guidelines, and other rules and regulations adopted by the Board and in force at the time of the Plan shall continue in effect during such time as an Option or any rights pursuant thereto remain outstanding.”

Under section 2.1 “Restrictions on Contracts for Investor Relations Activities” of CSE policy 7, it is proposed that, among others, the total number of listed securities (either issued directly or issuable on exercise of options or convertible securities) provided as compensation to persons providing Investor Relations Activities cannot exceed 1% of the outstanding number of listed securities in any 12-month period in the aggregate. Accordingly, the revised provision in section 2.1 “Grants” is amended to read as follows:

“In the event that the Common Shares are listed for trading on the CSE, no more than 1% of the issued shares of the Company in the aggregate may be issued to all employees in the aggregate conducting investor relations activities (as defined in the policies of the CSE) or any Eligible Person providing investor relations services in any 12 month period, calculated as at the date the Options are granted to any Eligible Person.”

Under section 2.3(h) “Exercise of Options”, it is suggested that upon termination of a Participant, the options held by such Participant shall also be ceased to be exercisable under the plan, regardless of whether such options vested or not. Accordingly, the revised provision in section 2.1 “Grants” is amended to read as follows:

“If a Participant ceases to be an Eligible Person for any reason whatsoever other than death or for cause, each Option held by the Participant will cease to be exercisable after the expiry of the Post-Termination Exercise Period. Without limitation, and for greater certainty only, this provision will apply regardless of whether the Participant was dismissed with or without cause and regardless of whether the Participant received compensation in respect of dismissal or as entitled to a period of notice or termination. Upon expiration of such Post-Termination Exercise Period all unexercised option rights of that Participant shall immediately terminate and shall lapse notwithstanding the original term of the option granted to such Participant under the Plan. If a Participant engagement with the Company is terminated “for cause”, all such Participant’s Options shall be forfeited and terminated, regardless of whether such options vested or not.”

Management has recommended that you vote **FOR** the Company's adoption of the Stock Option Plan containing among other things, provisions consistent with the current policies of the Exchange. The Stock Option Plan is also subject to Exchange approval.
